Over the past 20 years your donations have also helped us to:

- Offer around one-third of resident students some form of financial support each year through hardship grants, grants to undertake fieldwork/research, attend conferences or compete in University level sport or music.
- Refurbish A, G and P staircases and provide new furniture for Boulton House.
- Refurbish the Porters’ Lodge, Chapel, Dining Hall, Aula Bar and café.
- Build the new accommodation and sports pavilion at Wychfield and refurbish the Boathouse.
- Purchase a new piano, harpsichord and music for the choir and establish choral scholarships.
- Buy kit for hockey, badminton, rugby, cricket, football and pool teams, as well as new boats for the boat club.
- Install new servers at Wychfield and provide wi-fi across public rooms in College.
- Purchase new resources for the library and specific equipment to assist medics and architecture students with their studies.
- Conserved and catalogued the 16th-century manuscripts in the Old Library.

THE IMPACT of your donation

THE REVD DR JEREMY MORRIS
20 YEARS
of the Development Office

Trinity Hall has an outstanding record of support from our alumni. When I went to university at the end of the 1970s, state funding supported practically the whole cost of higher education. That has long since ceased to be the case. Over the last 20 years colleges have poured more effort into fundraising; Trinity Hall is no exception. Your help is enormously important to us, and vital for the educational welfare of future generations of students. We hope this report demonstrates how donations have made a difference to the Trinity Hall community. Thank you for your support.

Trinity Hall has relied on the generosity of its members throughout history and for that we are eternally grateful. From Bishop Bateman’s collections of manuscripts and silver to the expansion of the buildings by Nathanael Lloyd and Henry Latham, to the hardship funds and research fellowships established by friends and alumni more recently; virtually every major building, and many teaching positions and student support funds, are a result of donations. Collectively, you have transformed the fabric of the College and the lives of generations of students.

The Development Office was established in 1995/6 in order to fundraise in conjunction with the 650th anniversary of the College. Just over £13.5 million was raised. However, we have continued to face financial challenges and seeking further support is vital if the College is to continue its improvements. Philanthropic support plays a critical role in providing the high level of education and pastoral care characteristic of a Cambridge college, and in enabling research by graduates and fellows. We are very grateful to you for your support over the past 20 years, through donations and offers of advice and expertise.

On average over the past 10 years we have raised £7 for every £1 spent on the Development Office.

We are very grateful for the contribution you have made to the College. This year we have put in place some donor groups to reflect the gratitude of Trinity Hall to all donors, and allow the College to thank you all on a personal level by regular communications and invitations to events in College.

ANNUAL DONOR DRINKS – either festive drinks or a summer garden party, this is to thank those who have donated over £100 in the previous financial year. There will also be other events to recognise donors’ longevity of giving for those who donate regularly.

COMMENDATION OF BENEFACtORS – for donors who have given the College over £10,000 cumulatively or for those who have demonstrated loyalty by donating for 10 years consecutively. This event takes place on the first Sunday in February, and is a service of thanks in the College Chapel followed by a dinner.

THE MASTER’S CIRCLE – for those donors who have given over £50,000 cumulatively. Members of the Master’s Circle are invited for a dinner with the Master and the fellows each year.

NATHANAEL LLOYD SOCIETY – to thank and recognise those who remember the College in their Will. There are annual events each year, which vary from garden parties to dinners.

COMMEMORATION OF BENEFACtORS – for donors who have given the College over £10,000 cumulatively or for those who have demonstrated loyalty by donating for 10 years consecutively. THE IMPACT of your donation

SUPPORTING STUDENTS:
We are pleased to note that we have been able to endow student support funds which provide hardship grants for students facing financial difficulty. We still have the opportunity to name endowed prize funds for some undergraduate subjects to recognize academic excellence. As intense pressure is increasingly placed on state and other sources of funding for graduate study, it is vital that we continue to raise money to offer graduate scholarships, thereby enabling the very best graduates, from around the world, to choose Cambridge as the place to undertake the type of cutting-edge research that sustains Cambridge University’s international reputation.

“Receiving funding has made a huge difference to my experience here. The financial security has meant that I can focus on my studies and also enjoy the unique opportunities that Trinity Hall has to offer.”

SUPPORTING COLLEGE TEACHING:
The supervision system remains at the heart of Cambridge University’s world-renowned reputation for excellence in teaching – but it remains expensive to sustain. To ensure, however, that future generations of students continue to benefit from the unrivalled benefits of small-group supervision, we rely greatly on vital philanthropic donations to recruit the very best College and University lecturers, research fellows, readers and professors.

IMPROVING BUILDINGS:
Our programme of refurbishment of student rooms continues in order to make them a comfortable study environment and more energy efficient. There is the chance to name a chair in the Dining Hall in order to support our refurbishment programme. In the longer term we have the opportunity to look at an exciting redevelopment of Cherry Tree Court, making this a much more useful and versatile space.
