Cambridge University's 800th Anniversary Campaign 2001-2011

Cambridge University's 800th Anniversary Campaign drew to a close on 30 June 2011. It was established in 2001 with the goal of raising £1 billion to help secure Cambridge's excellence in teaching and research for future generations. It set out to raise funds for four areas:

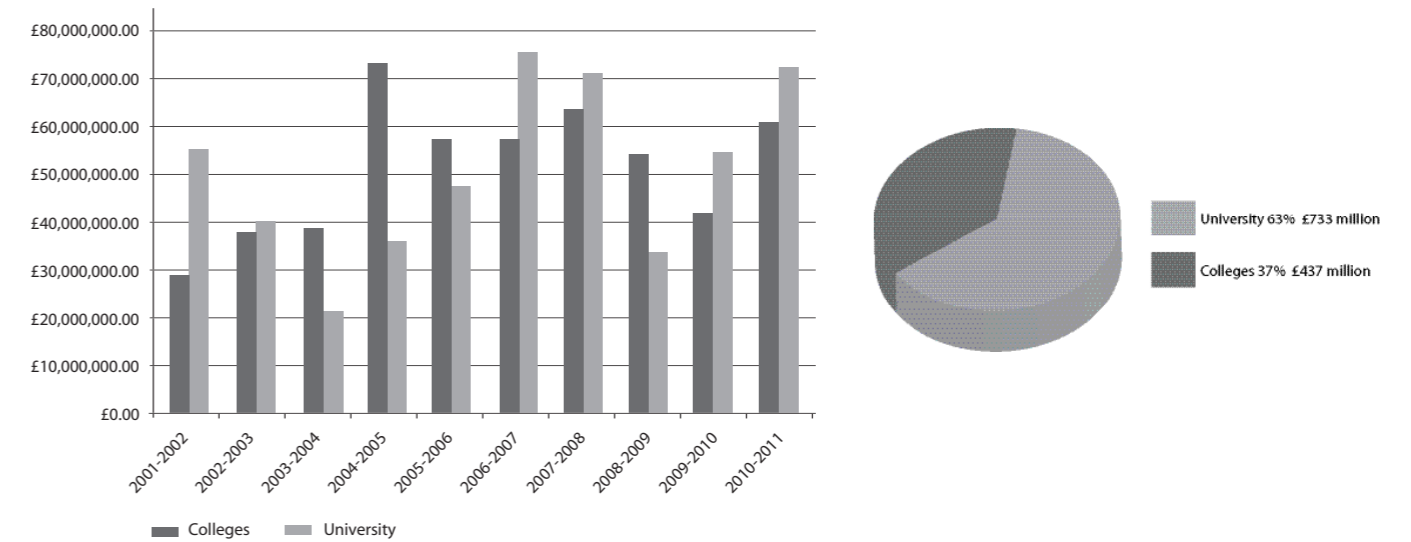

- To increase funds available to provide student support
- To fund academic posts and support staff
- To enhance research
- To develop Cambridge's outstanding collections and architectural heritage

Through the combined efforts of the University and the colleges, the Campaign exceeded its target, raising more than £1.17 billion (at the time, this was more than any university outside of North America).

£437 million (over one-third of the total) was raised by the thirty-one colleges.

Thanks to your generosity, Trinity Hall raised over £17 million (excluding legacy pledges), putting us in the top ten colleges contributing to the University's 800th Anniversary campaign's success, as a gift to Trinity Hall during this period was also a gift to the 800th Campaign.

Total raised £1.17 billion

The Master and Fellows of Trinity Hall also wish to thank those who have kindly remembered Trinity Hall in their Will, many of whom are members of the Nathanael Lloyd Society, and also those who have given gifts-in-kind supporting the library, gardens and collections of the College.

† indicates the donor is now sadly deceased
