

The Lee-Yung Family Prize for Entrepreneurship Application 2018

Guidance Notes

Through the Trinity Hall Entrepreneurs Network (THEN), the College is eager to promote innovation and entrepreneurship among its members and support students who are thinking of developing their own start-ups. The Network is designed to promote opportunities for students to be involved with entrepreneurship and to develop a network of alumni to mentor students and recent graduates

The Lee-Yung Family Fund for Entrepreneurship compliments this program by providing students and recent graduates with funds they can use to learn skills or buy materials that will help them translate their ideas and inventions into useful products.

The award can be put towards:

- Registration fees or materials needed for entry into a recognised builder/maker competition
- Materials for a prototype
- Accessing a makerspace

Each year up to 2022, £1,000 will be distributed across a selection of up to five teams or individuals who make the most promising application. At the end of the year, an additional £1,000 will be awarded to the team or individual whose concept or product is deemed to show the most promise by the lead donor and panel of Trinity Hall Fellows.

The award has been made possible by a donation from Dr Aaron Lee (1993)
